Rollo

AB Karl Andersson & Söner

The product has been declared and approved according to the criteria in Möbelfakta:

Quality - Environment - Responsible supply chains

Description

Rollo is a folding table operated with a spring-loaded two-hand mechanism that ensures the tabletop cannot be folded up accidentally. The tabletop always remains in an upright position and the tables can be nested sideways for stacking. The tabletop is available in veneered MDF in oak, ash, or birch, alternatively in high-pressure laminate (white, black, oak, birch, ash) and black desktop finish. The frame beam and end panels are made of solid wood, with metal leg endings. The tables are fitted with four black lockable castors
